

### **REMARKS**

Claims 33-53 are pending. Claims 1-32 have been cancelled without prejudice or disclaimer. The applicants reserve the right to pursue claims of this scope in further applications. Support for new claims 33-53 derives from the specification and claims as originally filed. For example, support for new claims 33-53 is found in Figures 71-73 and in the specification at pages 10-11. Accordingly, the amendments do not present new matter and entry is proper.

### **Oath/Declaration**

A supplemental oath in compliance with 37 CFR 1.67(a) was submitted June 19, 2003, to the Office of Petitions. A copy is enclosed herewith as Exhibit A.

### **Drawings**

The drawings are objected to under 37 CFR 1.83(a) because the structural elements of claim 13 are not identified. Claim 13 has been cancelled. Additionally, the drawings were further objected to based on inconsistencies between the specification and drawings. Figs. 1G, 2A-B, and 3C have been corrected, as well as appropriate changes in the specification. Applicants respectfully request withdrawal of these rejections.

### **Specification**

The specification was objected to based on inconsistencies between the figures and description in the specification, and the insertion of embedded hyperlinks in the specification. The specification has been amended to correct these issues. Applicants respectfully request entry of the amendments.

### **Double Patenting**

Claim 32 of the present application is rejected under 37 CFR 1.78(b) because it conflicts with claim 14 of Application No. 10/193,712 and claim 14 of Application No.

10/412,660. Claim 32 has been cancelled. Applicants respectfully request withdrawal of the rejection.
